## Not my will but Yours...

"For as the heavens are higher than the earth, so are My ways higher than your ways, and My thoughts than your thoughts. For as the rain and the snow come down from heaven, and do not return there without watering the earth, and making it bear and sprout, and furnishing seed to the sower and bread to the eater; so shall My word be which goes forth from My mouth; it shall not return to Me empty, without accomplishing what I desire, and without succeeding in the matter for which I sent it."

Isaiah 55:9-11

When we accepted the call to return to Africa and serve the Lord in Ghana, it was our desire to remain there for many years and we understood that was what Jesus wanted us to do. So we sold everything we had and committed our lives to the work in Ghana. We did this with excitement and joy in our hearts. As we stated in our last newsletter we had some difficulties getting established, but we were dedicated to Jesus and His will.

We never expected the Lord to ask us to leave Ghana, but that is what happened. In March there were some complications that came up with our partnership with Globelink and it was made clear to us that we would be leaving not only Globelink but also Ghana. As we prayed diligently for God's will and a way for us to remain in Africa, His answer remained no. With heavy hearts we left Ghana in April. We seek to serve our Lord and Savior, even when we don't understand His will or the direction He guides. We are confident we accomplished what God wanted us to do or we would still be there.

We are convinced the Lord had us in Ghana to meet Sammy. His Christian heart is as big as the African sky. He has such a love for Jesus, and His children. Apart from the work he does for Globelink, he has many other ministries of his own.

## Sammuel Tia

#1

#2

#3

#4

One of the first things we noticed about Sammy, was his giving heart. Later after we had been working with him, we saw how he gave everything he had. He personally raises pigs and corn. From those two programs he finances all of his ministries, and they are many. These photos show a few of the ministries he does on a regular basis. Photo #1 is Sammy presenting a young girl with a new school uniform. Photos #2-3 are of Sammy teaching village women how to use the clay water purifier to filter their drinking water. Photo #4 is two of the widows collecting their months ration of corn. Sammy typically plants two acres of corn, by hand, and saves the harvest for the widows and orphans in the area.

## Ghana Rabbit Program

We went to Ghana to build a rabbit production program and to teach the staff of Globelink how to efficiently and consistently raise and care for rabbits. We did accomplish most of these goals in the short time we were there. We built the first rabbit breeding colony and started the construction of the two nursery houses before leaving Ghana. Since we left, Sammy and his young men are working to complete the two nursery Rondavels. Sammy has also installed a dove nest box

in the rafters of the nursery Rondavel. True to his character Sammy is taking what we started and seeing it through to the end. As another one of his personal ministry opportunities he is making plans to take this program into the nearby villages to help with the lack of sustainable meat.

Before we left Ghana, God impressed upon us to join Sammy and his ministry in Ghana. He asked us to financially and prayerfully support Sammy. We were able to donate to Sammy the personal items we purchased in Ghana. We gave him some of our household items. These were quite a blessing to Sammy as he had never had anything like them before.

On the financial side, we were able to donate \$2,500 USD to his personal ministry. With the money we gave him, Sammy was able to plant 10 acres of corn instead of the two he normally does. He was also able to purchase four more breeding sows to expand his piggery. In addition to all of this he has been able to purchase two acres of land which he hopes to one day use as his operating ministry base.

We are in contact with Sammy every week and are fully committed to be a partner with him on mission in Ghana. As hard as it was to leave Ghana, we have been truly blessed that God introduced us to him and has asked us to join him and his ministry.

## What Now????

Since our return to the U.S. we have been able to buy

another RV. We were also able to get our job back on Mt Lemmon as Camp Hosts. We will be working the summer months and saving our financial support so we can do the SOWER ministry during the winter months. Thank you all for your continued support for us and the ministry God has called us to.

Or can be sent through PayPal on our website.
