It is Finished

"I have glorified Thee on the earth, having accomplished the work which Thou has given Me to do".
John 17:4

Like Jesus, we have accomplished the work God gave us to do in Belize. We personally wanted to stay and continue working, but that would not have been in the Father's will. So with heavy hearts we left Belize and all that we had been doing. Here is a pictorial of some of the ministries we did over the past five years.

Foster Care

One of the hardest ministries we did while in Belize was fostering children. The children were removed from the home due to neglect, abuse or sexual assault. They had a lot of emotional issues that we had to deal with. Since the children became

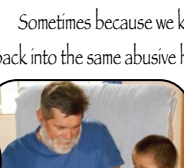

a part of us, each time we gave them back to Human Services it tore out our hearts.

Sometimes because we knew they were going right back into the same abusive home we saved them from.

Orange Walk Baptist

Pastor Frank

Youth Retreats

Bernie, Tino, Julia, Jocline, Jamilet, & Janelle.

Baptisms

C.E.F Child Evangelism Fellowship

Three years we worked in this church. We taught Sunday school, led worship, preached, taught group Bible studies, youth retreats, & C.E.F

We also worked with Temple Missionary Baptist church for a year and a half. We were very involved in every aspect of the church, but concentrated our efforts on the Pastor and his family. Prakash had been serving as pastor for ten years with minimal Biblical teaching or training. Bill came alongside him and taught him regarding Church Doctrine and Biblical Theology. Cindy helped out with the Women's Ministry and taught children's Sunday School.

Prakash & Angelica

At the Base

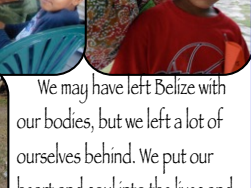

Aside from the work we did in town and in local churches we also did many ministries at our base. We did personal Bible studies for pastors and their families. We held youth leadership retreats, and took care of foster children. We also hosted adult and youth mission teams.

Pastor Temi Cal & family

Youth leadership seminar

We may have left Belize with our bodies, but we left a lot of ourselves behind. We put our heart and soul into the lives and work the Lord called us to.

Adult sewing team

Youth mission team

We left good friends and people we are praying will eventually give their lives to the Lord. We also pray the Christians we were working with will submit their wills to the will of the Lord and enjoy His true joy on earth. What's next..... we don't really know yet. Only the Lord knows what He has for us. We are convinced He has been working in our lives to His greater glory, and has been preparing us for the ministry He is going to reveal.

Please stay with us as we pray and listen to the Lord's leading
